**SPORTS INTERESTING**

Frank Last Post Meeting Contest of  
Day by Frank Last Carried out  
Several Times - Week Disinfection  
Over Top of War.

An ideal summer day, a big crowd  
and a fine program of sports excel-  
lently carried out, all contributed  
to make Coleman's first celebration Do-  
minion Day, a signal success. There  
have been few celebrations in the  
Pass when the weather was so propi-  
tious, there have been more that have  
been more generously patronized, by  
all the camps of the district and har-  
ving some dissatisfaction over the  
awards of judges in the sporting  
events there have been none in which  
the program for the day has been  
more satisfactorily carried out. There  
are always some drawbacks in con-  
nection with an affair of the kind  
and they were present in this case,  
notably, as might have been expect-  
ed, the local was very late and did  
not get the people from the east end  
of the Pass who did not take the wire  
precaution of driving, to Coleman  
until afternoon and the Forale band  
with the Fannie contingent of sports  
who were expected failed to show up  
but there were compensating features  
in the fact that the Coleman band  
acquitted itself most ably and that  
there were enough contestants in all  
the sports to render any disappoint-  
ment immaterial. On the whole the  
Coleman people must be credited  
with achieving a very gratifying  
success.

The day opened in the morning  
with the horse races which proved  
the most exciting contests of the day.  
Only the Coleman and Frank teams  
were entered but they were reckoned  
to be so evenly matched that interest  
and rivalry were at high pitch. The  
hub and hub race for a hundred yards  
was run first. Coleman won the toss  
and the choice of positions on the  
track. That gave Coleman a smooth  
hard track while Frank was obliged  
to start out of a depression in the  
ground and run on a track newly  
made which of course could not be as  
well packed as the older one. As it  
was Coleman won by about nine  
inches in the fast time of 13 2 5 sec-  
onds.

The next event was the wat test  
Coleman had the luck to win the toss  
again and went over the course and  
had water on in 34 seconds. That  
looked like a good thing to Frank and  
as a matter of fact no practice had  
been made in weeks in which the  
team did not beat the time by from  
one to three seconds. But unfortu-  
nately the pipeman got nervous and  
although the Frank team had three  
seconds to spare when it came to  
putting on the nozzle, he did not suc-  
ceed in getting it on in time and the  
money went to Coleman.

Some of the Caledonian sports and  
novelty events were put on to fill in  
the balance of the forenoon and in the  
afternoon came the football matches,  
the horse races and the rest of the  
Caledonian sports in the evening.

The first football match was be-  
tween Coleman and Michel and was  
won by Michel after a hot contest by  
a score of 1-0.

Next came the horse races which  
proved exceedingly interesting, after  
which the football was played by  
a picked team under Coleman  
colors and Michel. Coleman won 2-0.

In the evening the tug of war con-  
test was probably the most interest-  
ing feature. An Italian team from  
Lille pulled first against Coleman,  
the latter winning. Frank and the  
Eagles next pulled, Frank winning.

There came the big contest,  
that between Frank and Coleman.  
The team pulled for thirty-  
eight minutes with Frank har-  
assing considerably the best of it when  
the referee ordered the men to quit  
pulling, informing the Frank men  
that they had won. Afterward the

claim was set up that Frank had fool-  
ed by the Frank anchor getting off  
the end of the plank and Frank was  
disqualified and given second money.  
The decision created much dissatis-  
faction not only among the Frank  
team members but the spectators  
generally.

In the Caledonian sports and no-  
velty events pulled off in the evening  
Frank figured conspicuously in the  
winning. Jack McDonald of the  
Union Hotel won at putting the shot;  
Jack McDonald, the insurance  
man, won the half mile and Heald  
got second; Mike Murphy won the  
hundred yard for stemen and came  
third in the hundred yard open. If  
E. Lyon of Blairmore and Frank won  
the pole vault.

**A CHALLENGE TO COLEMAN**

The Frank tug of war team is so  
dissatisfied with the decision at Cole-  
man Monday that it has decided to  
challenge Coleman to another tug on  
the rope. Accordingly, James  
Tarabull and Angus McLeod called  
at the office of THE FRANK PAPER  
Tuesday and issued the following:  
"On behalf of the Frank Tug of  
War Team we hereby challenge  
Coleman to a tug of war for a bet in  
any sum from \$500 to \$1000, the Fish  
Eaters preferred, such contest to take  
place at Blairmore within one month  
from the date of acceptance of this  
challenge. Any acceptance of this  
challenge may be made through the  
medium of THE FRANK PAPER.

"James Tarabull  
"Angus McLeod."

By the "Fish Eaters" the challenge  
was meant to designate the team which  
pulled against Frank at Coleman but  
any other Coleman team will be taken  
on. Blairmore is stipulated as the  
place of holding the contest in order  
that it may be on neutral ground.

**Just Considerations**

Names in order of merit.  
Standard V - Gordon Stenroos.  
Standard III Seniors - Clara Pier-  
son, Pearl Beale, Willie Colby,  
Minnie Boyd, Lillian Thomas.

Standard III Juniors - Marguerite  
Lang, Blawie Evans, Nellie Stene,  
Standard II Seniors - Janet Stene,  
Bella Beale.

Standard II Juniors - Eugene Pier-  
son, Edgar Thomas, Stanley Steph-  
en.

Standard I Seniors - Janet Nicol,  
Alice Maryanek, Blanche Pinkney,  
Charlie Burrows, Johnny McMeekin,  
William John Stene, James Stene,  
Joe Boyd, Bella Stene, Harry Wright.  
Senior Part II - Zdenka Holobova,  
Felice Dumont.

Junior Part II - William Patera,  
Frank Virec, Annie Fabian, Maggie  
Burrows, Maggie Stene, Antoin Dip-  
old, Annie Weir.

Part I - Sarah McMeekin, Martha  
Pensak, Mary Orust, Mary Brown,  
Bella Stene, Irene Herbiniaux, Yara-  
slav Piller, Alex Felice.

Class C - Emma Fedak, Margaret-  
ta Liebergall, Albert Erans, Leon  
Dumont, Adam Liebergall.

Class B - Ruth Pierson, Stephen  
Maryanek, Anaska Holobova, Doris  
Wright, Emilie Weir, Anaska Patera.

Class A - Stephen Kajko, Joseph  
Orust, Jean Burrows, Dan McMeekin,  
Eva Wright, Yaraslav, Dipold, Mary  
Piller, Bohauski Edol, Edward  
Herbiniaux, Mabel Sodon, Mary  
Maryanek.

**NOTICE**

**TAKE NOTICE** that under the  
provisions of Sec. 222, Chap. 17, Re-  
vised Statutes of Canada, 1906, the  
Canadian Pacific Railway company  
intends to apply to the Board of Rail-  
way Commissioners for Canada after the  
expiration of four weeks from the  
date of the first publication of this  
notice, or so soon thereafter as the  
application can be heard, for au-  
thority to construct, maintain and op-  
erate a branch line of the Canadian  
Pacific Railway from a point on its  
Crow's Nest Branch on Section 3,  
Township 16, Range 4, West of the 11th  
meridian, and running in a North-  
by direction a distance of 555 feet to a  
point on said section; the location of  
which said proposed branch is more  
particularly shown on a map or plan,  
profile and book of references depos-  
ited in the Calgary Land Titles Office  
on the 25th day of February 1907 as  
No. "B-60"; notice of which deposit  
is also hereby given pursuant to the  
provisions of the said section.

Dated this 25th day of March A. D.  
1907.

C. Drinkwater,  
Secretary.

**OPENING A  
NEW MINE**

**MAPLE LEAF COAL MINING COM-  
PANY BEGINS OPERATIONS.**

**IS SPOKANE CONCERN**

Has Good Property at East of Bellevue -  
Charles Chestnut to be Superin-  
tendent - Crew of Men Engaged to  
Start Work at Once.

A new coal mine is to be opened in  
The Pass and work in connection  
therewith is to start at once. The pro-  
moter of the enterprise is the Maple  
Leaf Coal Mining company composed  
of Spokane capitalists.

The company owns a series of nice  
meadows just to the east of Bellevue  
and running north from the Crow's Nest  
worth ranch. It is the intention  
of the company to begin operations  
immediately and begin putting coal  
on the market at the earliest possible  
day.

The property has recently been ex-  
plored by A. R. Wilson, general man-  
ager for the Breckenridge & Lund  
company of Lundbreck who is doing  
the engineering work for the new  
company. The seams so far that a  
prospecting tunnel will cut all three  
in a distance of about 100 feet. Ac-  
cording to the plans laid out by Mr.  
Wilson that will be the scheme of op-  
eration.

Charles Chestnut, one of the best  
known mine bosses of the district has  
been engaged as superintendent and  
under his direction a crew of men  
will be put to work at once driving  
the tunnel.

The month of the mine entry has  
about half a mile from the railroad.  
To facilitate the handling of coal a  
train line will be built across the  
Wentworth ranch to the railroad and  
the coal tipped down the high em-  
bankment at the point where the line  
passes into the mine. The scheme  
embodies a very simple, convenient  
and cheap means of operating.

E. Dempsey of Spokane, who has  
promoted the company has been in  
Frank some days effecting arrange-  
ments to carry out the plans of the  
company.

The company expects to make Spo-  
kane and the "Inland Empire" terri-  
tory the principal market for its pro-  
duct.

**THROUGH SERVICE STARTS**

Frank is no longer on a branch line  
of railway. The through Spo-Spo-  
kane train service started Tuesday  
morning which makes the Crow's Nest  
line a transcontinental road. But it  
does not do Frank or The Pass much  
good as the train does not stop and  
this fact constitutes a matter that  
should be taken up by the board of  
trade without delay. The Pass has  
become of too much importance in  
the world to permit of a transcon-  
tinental train running through its en-  
tire length without stopping.

The train is a fine one. It consists  
of a mail and express car, a standard  
coach, a tourist, a diner, a sleeper and  
an observation compartment car. These  
for the train have not been on sched-  
ule but will no doubt do better. Vice  
President E. Pennington of the Soo  
line and General Passenger Agent  
W. R. Callaway went west on yester-  
day morning's train.

**Notice of Dividend**

**NOTICE** is hereby given that the  
International Coal & Coke company,  
Limited, will upon August 1, 1907,  
pay a dividend of one and one-half  
(1 1/2) per cent on its issued and out-  
standing capital stock. Said dividend  
will be paid to the persons in whose  
names the stock stands at the time of  
the close of the transfer books of the  
company. The transfer books will be  
closed from July 16, 1907, to August  
1, 1907, both days inclusive. Any  
person holding stock that has not  
been transferred to his name should  
send such stock, before the first  
mentioned date, to the secretary at  
the close of the company, Frank  
Building, Spokane, Washington.

Dated at Spokane, Washington,  
June 28th, 1907.

W. G. Graves,  
Secretary, International Coal &  
Coke company, Ltd.

THURSDAY, JULY 4, 1907.

### Failure of Cash System.

An agitation has been started in favor of abandoning the cash system of doing business at the stores which was inaugurated last spring and returning to the system that was in vogue before that time. The judgment of this paper is that it would be a mistake. It cannot be denied that the system has not been a success, that the Frank stores have not done nearly the business they did under the credit system, probably not half the business but it has not, as we see it, been the fault of the cash system but rather the fault of the merchants themselves. When the cash system was first talked of it was promised that when it went into effect, prices would be greatly reduced and that people of the district would benefit equally with the merchants by getting their supplies for much less money.

That promise has not been kept. The cash system was put into effect but as far as we have ever been able to learn, there has been absolutely no reduction in prices which were without a doubt, immoderately high even for a credit system. It is true that one store has very recently announced a ten per cent discount on dry goods but it is only within a short time and the discount does not extend to the much larger item of living necessities. And further, this is only one store.

There can be no question that a merchant can well afford to sell for cash not only dry goods and clothing, but everything he sells, at considerably better prices than he can under a credit system which involves more or less of losses from unpaid bills yet it is perfectly true that one has been able, ever since the cash system went into effect, to go to either Blainmore or Coleman and buy on credit any article of general merchandise you may choose to name, for less money than the same article could be bought for in Frank for cash.

Under such circumstances we do not believe people can be blamed for buying out of town. This is undoubtedly the secret of the failure of the cash system. If the local merchants will put their prices at figures commensurate with a cash business and be content with a reasonable profit we are confident the cash system will not only be welcome to everybody but that it will prove an unqualified success.

### EDITORIAL COMMENT

The reports from over the prairie provinces relative to crop conditions is especially gratifying in view of the fears that were raised because of the extraordinarily late season. It had been feared that the lateness of the spring had greatly out down the wheat acreage but it now appears that has not proven the case. In fact it is stated the acreage is greater than ever while from every part of the prairie provinces come the most satisfying reports of crop conditions. It now seems likely that instead of an unfavorable year, it is to be a record one for crops.

Our friend Hunt, city editor of the Edmonton Bulletin has a great story of the big round up in Alberta in a recent issue of the Bulletin. It "covers" the story thoroughly. It is splendidly written and is in fact, one of the best stories of the kind we have ever seen in a Canadian publication.

## The Columbia Bar

S. 114 Howard Street,

Opposite Columbia Theatre, Spokane, Washington.

Conducted by

BOB JOHNSON

Formerly of Frank who will cordially welcome any of his old acquaintances from The Pass when visiting Spokane.

That was a big old time at Coleman Monday. Frank did the right thing by her neighbor in point of attendance; now let's whip her up for Blainmore's racing machine this afternoon.

## RECORD YEAR FOR CROPS IN WEST

This will be the record year in Southern Alberta, is the message which everyone brings about the crops. It is claimed that: The acreage of wheat is larger. The crops are better. The prices are higher. Never before in the history of the province have conditions been quite so satisfactory as at the present. Never had so many farmers been speaking with so much faith and hope.

For winter wheat conditions have been ideal. The late spring did not affect the acreage. The winter was ideal and the spring after it came has been the very best that could be.

### NOTICE

Notice is hereby given that in accordance with the provisions of the North West Irrigated Act, 1898, and amendments thereto, the undersigned have filed the memorial and plans required by Section 11 of the said Act, with the Commissioner of Irrigation, at Calgary.

The applicants apply for the right to divert sufficient water per second from Oldman river on the north east quarter of section 25, township 7, range 2, west of the 5th meridian, for other purposes, and for the right to construct the necessary works as shown by the memorial and plans filed to enable the water so diverted to be used for the said other purposes on the said north east quarter of section 25.

The following lands are also affected by right of way for the proposed works, viz: Legal Subdivisions, one, eight, nine and sixteen of said section 25.

## The Canadian-American Coal and Coke Co., Ltd.

FRANK, ALBERTA.

## Frank News in Brief

Go to Coleman Dominion Day.  
Buy your clothing at A. V. Lang.  
A. Guyette, Frank, Alberta, dealer in furniture and wall paper.  
The six weeks old baby of Steve Gahana of Coleman died Tuesday and was buried yesterday.  
Miss Craig, teacher in the Blairmore school, left Tuesday evening for Calgary on her vacation.  
The merchants of Frank have decided to close at 6 o'clock during July and August this year. The rule went into effect the first of the month.  
J. W. Ashdown will run buses between Frank and the Blairmore track this afternoon. Beginning at 1 o'clock a bus will leave Frank for the track every half hour up to and including 2:30. The fare will be 25 cents each way.  
It was a singular circumstance that two such celebrities as Fitzsimmons and Dempsey should have come together in Frank yesterday morning. It was a friendly encounter however and ended in voluntary "liquidation."  
The coal company has started the work of sinking the slope it intends putting down to the 350 foot level. The slope is being driven about 1200 feet in from the mouth of the main entry. When down it will vastly increase the output of the mine.  
The Fischer Station baseball team received a most unmerciful lambasting at the hands of the Blairmore team last Sunday. The score was 25 to 7 at the end of the seventh inning when the game ended. What it might have been if the full nine innings had been played it would be uncalculable even to a saint.  
The Blairmore people are arranging for a big two days carnival and jubilee to be held August 12 and 13. The attractions are to be furnished by the Ideal Amusement company whose agent, Olie Moss visited Blairmore last week and arranged for the appearance of the company. The Blairmore people expect to make the carnival a big event.  
On another page will be noted the official announcement of the payment of its third quarterly dividend by the International Coal & Coke company of Coleman. It will be noted that instead of the one percent quarterly dividend that was expected, the dividend has been increased to one and a half percent which makes the amount to be distributed to stockholders about \$12,000 instead of \$28,000 as was anticipated and when paid, will make a total of \$98,000 paid in dividends this year.

T. M. Barnett of Blairmore spent Dominion Day at Lethbridge.  
J. C. Allison was up from Lundbreck Monday.

The regular meeting of the board of trade will be held Monday evening next.

One of the new hydrants recently purchased for additional fire protection, was put in this week at the Kris corner.

"Billy" Blaine, formerly with the Western Mercantile company, spent Friday last shaking hands with his old friends in The Pass.

Thomas Davidson, a range rider employed by George Jackson, was badly injured last Wednesday while rounding up horses, by being kicked and dragged by a horse. He was brought in Dr. Macdonald's hospital.

Corporal Askey who has been in charge of the local police detachment for more than a year, has been transferred to Twin Lakes, near the international boundary line. He left the last of the week for his new station. Sergeant W. Hallett from Maudsley, succeeds Mr. Askey and has already assumed charge of the detachment.

R. Steeves and Al Manuel commenced work yesterday morning on the erection of a new business block on the east side of Dominion avenue for the accommodation of the whole-sale house and bonded warehouse of the Frank Wine and Spirit company. They have not completed their plans as yet but will probably put up a two story brick and stone building.

The action of the ratepayers in voting to prohibit R. Steeves from having his brick kiln in the street facing his brick yard, has had the effect of driving that industry out of town as this paper predicted would be the case. Mr. Steeves has decided to move his plant to Lundbreck and is now shipping it. It takes quite a little pay roll out of town as the plant employed about twenty men.

The long talked of bridge across Rock Creek to obviate the two dangerous crossings of the railroad at the horse shoe bend on the road to the falls, is at last to be a reality. The bridge is to be put in by the government and the C.P.R. and the lumber and timbers are already at Lundbreck. M. Carter of Gillingham, who has the contract for hauling the material states that work will start before the week is out. The bridge will be 45 feet high and 137 feet long. The bridge will not only shorten the road a great deal but will do away with two of the most dangerous crossings in Alberta.

A. G. Trelle was down from Edmonton the last of the week.

A. V. Lang received a shipment of pure bred Belgian hares the last of the week, direct from Europe.

Vice President J. P. Silverman of the Canadian-American company, accompanied by Mrs. Silverman, left Monday evening for a trip to Montana.

Account Winnipeg Exhibition, July 18th to 20th, the Canadian Pacific railway company announce a special rate of \$21.45, via Calgary, \$18.55 Lethbridge for the round trip. Tickets on sale July 12th to 18th, inclusive, good to return until July 25th.

There is promise of some lightning finishes at the Blairmore race track this afternoon when the first matinee of The Pass Turf association is held. It is stated that over twenty horses from the prairie, some of them the fastest in the country, are to be in the running.

A local talent play, the proceeds from which are to go to the Catholic church fund in this district, will be given at Blairmore opera house this evening. The play is called "From Punkinridge" the young people who are going to take part in it will tell you it is going to be exceedingly funny. There will be a basket social after the performance.
